NEW BUSINESS

Consider Consent Agreement on Case Nos. 10-33-09 and 10-34-09

The Council accepted the Consent Agreement and signed the document. This matter will need the Board of Medical Practice's consideration and final approval.

Issuance of Temporary License Pending NBRC Official Verification

Mr. Brown discussed with the council the need to place language on the Division's website to help clarify for applicants who are requesting a temporary license that they do not need to provide the official verification, only a copy of the NBRC test results. The council agreed that this clarification should be added to the website.

Discuss Notification to Licensees on Changes to the Rules and Regulations

Ms. Selhorst discussed with the council the need to notify the licensees of the new continuing education requirements that will go into effect on March 11, 2010. It was determined that the Division's website could post this new information alerting the licensees of this change. There was a question on whether the new continuing education requirements would go into effect for the upcoming renewal in November. This question was tabled until the next meeting, so that Ms. Reardon could research the matter.
